

Volta Zero 16t / 18t technical sheet

VEHICLE		FEATURES	
Fuel Type	Electric	Cabin	
Battery Size std. long range (kWh)	164 (gross) 246 (gross) 150 (usable) 225 (usable)	Low Entry & Walkthrough Cabin	Heated Steering Wheel
Range std. long (km / mi) *	200 / 124 280 / 174	Sliding Doors	Air Conditioning
Drive train	Electric rear axle, 250kW, with regeneration	Driver Airbag	Electronic Parking Brake with Auto Hold / Hill Hold
Max Speed (kph / mph)	90 / 56	Heated Windscreen	Satellite Navigation
Seats	3	Heated Seat / Ventilated / Air suspended	Touch Screen Vehicle Controls
Driver Position	Central	Safety / Security	
Wheelbase short (mm)	4.800	Rear View Cameras (interior and side)	Bi-LED Dipped and Main Beam Automatic Headlamps
Wheelbase long (mm)	5.900	Front and Rear Parking Sensors	Payload weight monitoring
Total Height until roof cowl standard (mm)	3.302	Reversing Camera	NFC Key Card
Total Height until roof cowl low (mm)	3.193	Connectivity	
Total Length short wheelbase (mm)	9.252	Remote Data Logging Capabilities	
Total Length long wheelbase (mm)	10.352	OPTIONAL FEATURES	
Total Width incl. mirror camera (mm)	2.550 2.819	Long Range Battery	Juice Booster
Turning Circle short wheelbase – k2k (m)	15,8	Openable side windows (one side / both sides)	Red Seat Belt
Turning Circle long wheelbase – k2k (m)	19,0	360° camera (depending on box type)	Spare Wheel
Gross Vehicle Weight (kg)	16.000 / 18.000	Digital Video Recorder with Internal Cabin Camera	HV power connector for box equipment (eg. cooling unit, heater,...)
Front Axle Capacity (kg)	6.500 / 7.650	ADR AT (16t only)	Low roof cowl
Rear Axle Capacity (kg)	10.500 / 11.500	Additional language packages	
Kerb Weight short wheelbase (kg)	6.500 (standard range) 6.975 (long range)	Body specifications (incl. tail lift, box doors and accessories) to be defined by Body Builder	
Kerb Weight long wheelbase (kg)	6.700 (standard range) 7.175 (long range)		
Kerb Weight fully built up	To be defined by Body Builder		

Note: All mass and dimensions are valid as of 30/05/2024.

*) The range figures have been proven by customer trials, but depend on several factors including optional equipment, variations in weather, driving styles and vehicle loads, the range can deviate.

k2k = kerb to kerb

Direct Vision Standard rated 5 Star acc. to Transport for London
